QUAKE DEATHS NUMBER MORE LATE REPORTS

LONDON, July 12.—According to latest cable dispatches, British military actions in the earthquake area estimate the number of dead at more than 200, thousands with most of the casualties in Greece-Jordan. The Daily Mail cites the reports of one observer saying that 222 were killed at Man. 80 at Irbid and about 100 at Amman.

At Palestine.
LONDON, July 12.—The devastation and loss of life caused by the Palestine earthquake is evidently far worse than appeared from early reports. An eye-witness who reached Cairo today estimates the loss of life at 200. The record of known dead already exceeds 200 with 400 or more injured and there is much distress and suffering.

Selective in Terror.
The catastrophe seems to have been selective in its effects, for Hama and Gaza were not touched. Still there alarming accounts of the extent of the disaster are reaching Cairo, where one rumor places death toll as high as a thousand. Reliable news is very scarce, and there, probably owing to the damaged telegraphic communication.

GRAND TRUNK SHAREHOLDERS TURN TO LAW

LONDON, July 12.—Lord Allen, chairman of the Grand Trunk Railway, today announced the intention of an extraordinary general meeting of the shareholders on Wednesday, after consultation had been issued asking for the conversion of the existing 14 shares into preference shares, estimated that a meeting of the old Grand Trunk shareholders would be held on Wednesday, July 13, to consider the proposal to convert the 14 shares into preference shares.

Would Go To Law.
Lord Allen said that the shareholders should provide money for the purpose of making a free case of their rights and after consulting the opinion of Mr. John B. Hume, who has been associated with other eminent lawyers in the matter, and the committee did not feel justified in abandoning the case without legal proceedings.

The resolution passed at the conference of the existing 14 shares into preference shares, the increase of the capital from £12,000,000 to £15,000,000, and also providing for changing the name of the company to "Grand Trunk Junior Stock Ltd."

The Grand Trunk Junior stockholders, concerned by the fact that the company was not a private limited company, but a public company, and that they were not able to secure and obtain and receive compensation in the event of a takeover for the former holders of the second or third preference and ordinary stock.

CANADA BEAT BRITISH ISLES

BISLEY CAMP, England, July 12.—The team giving the Canadians the hardest battle for the Kipling cup today was the British Isles team, but the whole matter, considered by the British Isles team, however, lost out by 13 points.

The Canadians are now aiming at the record set up by the mother country in 1905, winning 17 of 19 tries in succession. Canada has won 14 of 15 tries since then.

The Canadians might appreciate the fact that they have won 14 of 15 tries since then, but they have not won a single game since then.

Despite a steady drizzling rain and a mist which made shooting conditions highly uncomfortable, the Canadians did excellent shooting in the first stage of the classic Kipling cup. In two out of the three instances in the first stage, G.M.S. W. H. Woods, of Victoria, B.C., recorded scores of 85, highest possible.

THIS HAS HAPPENED

Attempts have been made to end the life of ELISE MARRBERRY, an American girl owning considerable property near the little town of PORTO VERDE, in west central Brazil. Several mysterious deaths have occurred, but so far she has escaped harm, due to the shrewdness of her cousin and protector, VILAK, a curious mixture of American and Oriental blood and a student of criminology.

Vilak learns the flood warning a ruse to get Prentiss out of his house and so informs him. The party is besieged by an armed force in a stone tower next to Prentiss' house. Vilak disperses the enemy by dynamiting a dam and causing a real flood. When the water recedes the

D'Albentara leads the two men into the presence of the city's strange ruler.

NOW BEGIN THE STORY

CREATED BY

Around his fat legs were two pieces of old Spanish armor, obviously constructed for some cavalier of Madrid or Toledo half a mile. For his puffy flesh bulged out in great rolls where the guards' ends and their pressure ceased. He had a fantastic breech-blot complete with a fantastic costume. Fire was burning in two stone braziers on either side of him. There he turned to stir now and then with a wand decorated with metal he held in his hand.

108 GOLFERS QUALIFY FOR BRITISH OPEN

Bobby Jones Has Better Day on Tuesday, Getting Card of 71

ST. ANTHONY'S, Scotland, July 13.—British hopes for the capture of the British Open title from Johnnie Ball, of Glasgow, who won the title in 1926, were revived today when Bobby Jones, of Cardiff, Wales, won the first round of the championship with a card of 71. Jones had a brilliant day on the course, making four birdies and one bogey, and finishing with a total of 71. This was the best score for the first round since 1922, when Harry Vardon won the title with a card of 69. Jones' victory was a great boost to the British team, which will face the Irish team in the second round on Thursday.

SWIMMING SIMPLIFIED

SCISSOR KICK OF LEGS IS MERELY ONE LEG MOVING UP, OTHER DOWN

BY JAMES A. LEE
Athletic Director, Cleveland (Ohio) Athletic Club

All crawl stroke swimming leg drives are the combination of the so-called scissor kick, which can be described as a front and back opening and closing of the legs, and the other motion down, each leg moving up to the surface and then down to the bottom of the stroke. The scissor kick is merely one leg moving up, the other down. This is the correct motion for the crawl stroke.

Start slowly at first, until you master a steady and even breath. Practice until you can quicken the kick, until you are able to churn the water considerably. Your real test or worry is to see that the legs are not in motion before the arms and to see that they follow closely the back and forth of the body.

Tomorrow: Summary of crawl stroke.
